ARAB OIL & GAS DIRECTORY 2011

The **ARAB OIL & GAS DIRECTORY**, now in its 37th edition, is the unmatched reference publication used by thousands of oil and gas companies, corporate executives, banks, analysts, consultants and other organizations in over 80 countries. No other publication provides such complete coverage of Arab oil and gas exporting countries and Iran.

The **ARAB OIL & GAS DIRECTORY** runs to 688 pages:

• In-depth surveys and up-to-date information and data covering all aspects of the oil, gas and petrochemical industries in the following countries:

- Algeria
- Bahrain
- Egypt
- Iran
- Iraq
- Jordan
- Kuwait
- Lebanon
- Libya
- Mauritania
- Morocco
- Oman
- Qatar
- Saudi Arabia
- Sudan
- Syria
- Tunisia
- U.A.E.
- Yemen
- O.A.P.E.C.
- O.P.E.C.
- World Oil and Gas Statistics

• 59 maps illustrating the oil and gas fields and facilities in the Middle East and North Africa, and 268 tables and graphs.

• Facts, figures, details and analysis of the estimated \$430 billion of investment needed in the oil, gas and power projects of the Arab countries over the 2011-2015 period: exploration, production, refining, processing, GTL, transport, petrochemical schemes and power generation.

• Up-to-date statistics covering OPEC and O.A.P.E.C. countries and world data on reserves, production, prices, exports, refining, revenues, and so on.

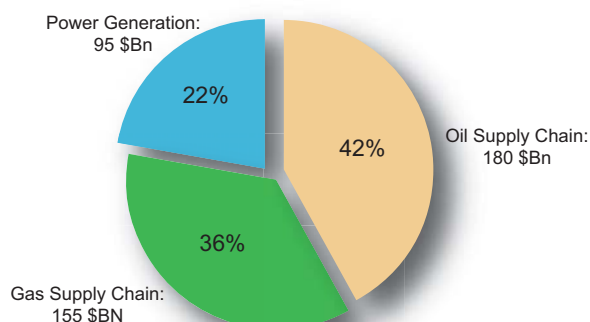

• 2,528 addresses of oil companies operating in the countries listed above, with classification of their activities and names of senior executives to contact.

• Comprehensive information on the projects and activities of foreign oil companies operating in the Middle East and North Africa, as well as national oil companies: **ADNOC, BANOCO, EGPC, ENPPI, KOC, KPC, NIOC, NOC, PDO, QAFCO, QATARGAS, QATAR PETROLEUM, SABIC, SAUDI ARAMCO, SONATRACH...**

The **only complete reference and authoritative publication** on the Arab Oil & Gas Industry, in **Print and Electronic Versions**

Energy Investment Outlook in Arab Countries 2011-2015

	Capital (\$ Bn)	Allocation (%)
Oil Supply Chain	180	42%
Gas Supply Chain	155	36%
Power Generation	95	22%
Total	430	100%

NATURAL GAS SURVEY MIDDLE EAST & NORTH AFRICA 2011

The most comprehensive insight into the fastest growing source of energy in the fastest growing gas exporting countries

The **NATURAL GAS SURVEY, MIDDLE EAST & NORTH AFRICA, 2011** provides a complete, unrivaled and quarterly updated analysis of the gas industry in the Arab countries and Iran. In addition to the country-by-country reports, it includes a regional overview section on the objectives and priorities of the national companies : **ADNOC, EGAS, NIGC, NOC, PDO, QATARGAS, RASGAS, SAUDI ARAMCO, SONATRACH, etc...**

It has been designed to provide the most accurate and reliable information required by all companies, consultants, financial institutions and agencies involved or interested in the gas industry in the MENA countries. The in-depth assessment of current and grassroots projects helps you to save time, identify business opportunities and minimize political and economic risks.

- The new updated and expanded edition of **NATURAL GAS SURVEY, MIDDLE EAST & NORTH AFRICA, 2011** comprises 578 pages and 18 country reports covering all aspects of the gas industry in :

- Algeria
- Bahrain
- Egypt
- Iran
- Iraq
- Jordan
- Kuwait
- Lebanon
- Libya
- Morocco
- Oman
- Qatar
- Saudi Arabia
- Sudan
- Syria
- Tunisia
- U.A.E.
- Yemen
- World Gas Statistics

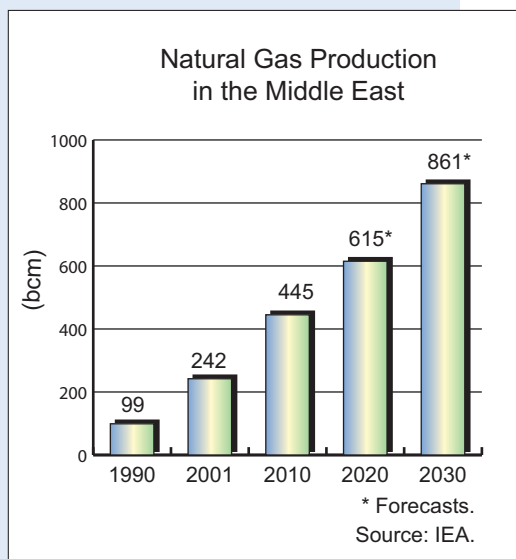

- Each country report outlines the government policy, reserves, production, field development, foreign companies involved, export schemes, domestic consumption, etc...

- 61 maps illustrating gas fields and facilities, as well as 195 tables and graphs.

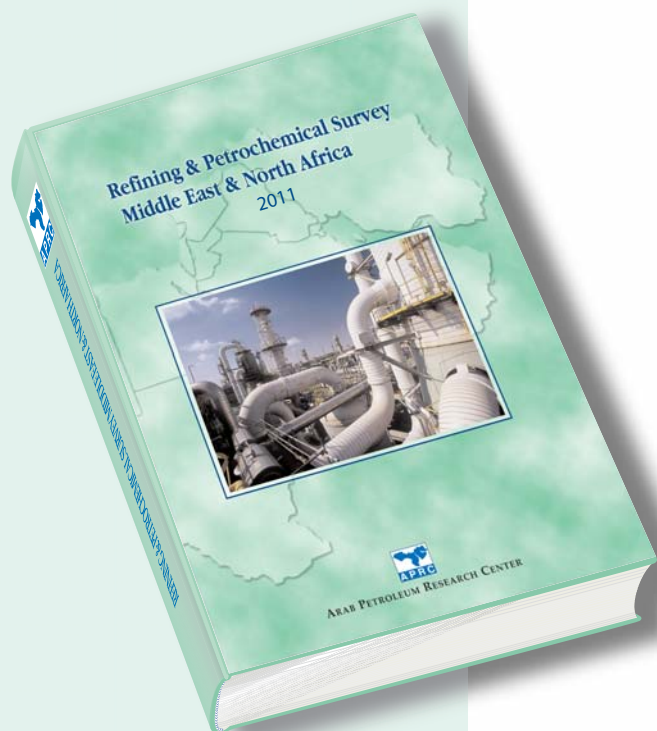

- Facts and details of the estimated \$155 billion of gas investment needed in the Arab countries over the period 2011-2015.

- Detailed information and analysis of the activities and projects of gas companies operating in MENA countries, including national gas companies.

- World gas statistics: LNG, LPG and GTL schemes.

REFINING & PETROCHEMICAL SURVEY MIDDLE EAST & NORTH AFRICA 2011

The **REFINING & PETROCHEMICAL SURVEY, MIDDLE EAST & NORTH AFRICA 2011** is the first in-depth and independent study of its kind. It provides a comprehensive and detailed analysis of the fast-growing refining and petrochemical industries in the Middle East and North Africa.

In addition to the country reports, it includes a regional overview section on the global trends in the MENA area where investments of more than \$85 billion are expected in the refining and petrochemical sectors over the period 2011-2015. It contains the latest, most accurate and most reliable information and data required by all those involved or interested in the downstream oil and gas activities in this highly strategic area.

- It is your road map not only to information but also to operational decision-making in the MENA countries. Special emphasis has been placed on the analysis of objectives, capabilities and priorities of the main national companies: **BAPCO, BOROUGE, EGPC, ENOC, GPIC, JPMC, JPRC, KNPC, NAFTEC, NIOC, NIORDC, NOC, NPC, OCP, Q-CHEM, QAFCO, QAPCO, RASCO, SABIC, SAMIR, SAUDI ARAMCO, SONATRACH, STIR, TAKREER...**

Your road map for the fast-growing **refining** and **petrochemical** industries in the **MENA** countries

The 2011 edition of the **REFINING & PETROCHEMICAL SURVEY, MIDDLE EAST & NORTH AFRICA** comprises 428 pages, including a global MENA report and 18 country reports covering the refining and petrochemical industries in:

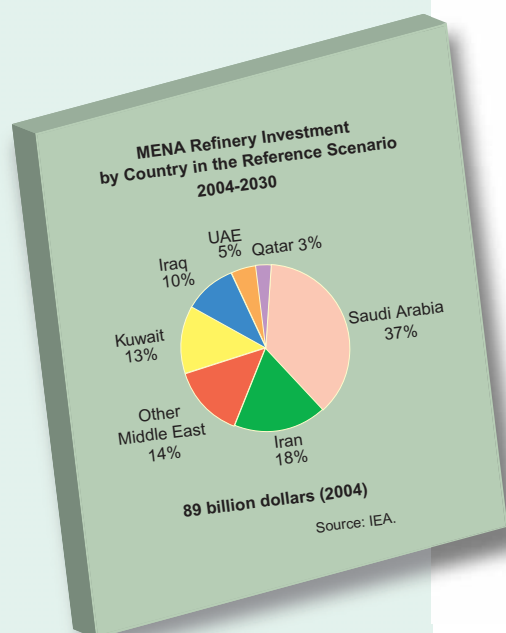

- Algeria
- Bahrain
- Egypt
- Iran
- Iraq
- Jordan
- Kuwait
- Lebanon
- Libya
- Morocco
- Oman
- Qatar
- Saudi Arabia
- Sudan
- Syria
- Tunisia
- U.A.E.
- Yemen

- Each country report outlines government policy, current and planned projects, production, foreign companies involved, export schemes, domestic consumption, etc...

- 31 maps as well as 92 tables and graphs.

- Facts and details of the estimated \$210 billion of refining and petrochemical investments needed in the Arab countries and Iran over the period 2004-2030.

- Addresses of oil, gas and petrochemical companies operating in the Middle East and North Africa, with contact names, email, phone and fax numbers.

ORDER FORM

To order the electronic version plus a print copy:

Please provide me/us access to the electronic version(s) of:

About the Publishers

For 46 years, the **ARAB PETROLEUM RESEARCH CENTER (APRC)** has acted as consultant to oil and gas producing countries as well as to international companies. Since it was set up in 1965, it has also published periodicals and country reports on the oil, gas and petrochemical industries in the Middle East and North Africa. The experience accumulated over the last 46 years makes APRC an unequaled source of information and analysis on which its customers all over the world rely for the taking of strategic and business decisions.

Three Yearly Publications of the APRC Available Online and in Print

ARAB OIL & GAS DIRECTORY 2011
NATURAL GAS SURVEY, MIDDLE EAST & NORTH AFRICA 2011
REFINING & PETROCHEMICAL SURVEY, MIDDLE EAST & NORTH AFRICA 2011

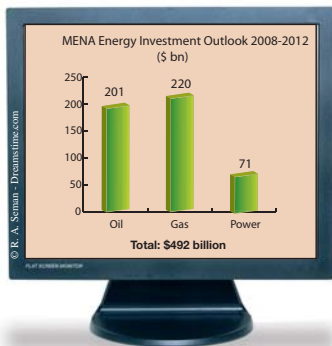

These three annual surveys in English give valuable insight into the current situation and outlook of the upstream and downstream oil and gas industries in this highly strategic part of the world. They are intended to help you assess new business opportunities in the world oil, gas and petrochemical arena. Primary data selected and gathered by our analysts from government agencies and the most reliable industrial sources have been rigorously scrutinized to ensure their accuracy and consistency. To add value to the data, our analysts assess what lies ahead for your business in light of the huge potential of the countries covered as well as of the geopolitical and economic environment.

Key Benefits of the Electronic Version

The online versions are available in PDF Format. It combines the detailed information of the survey with the functionality of a desktop computer. Adobe Acrobat Reader is available free from www.adobe.com. Its main benefits include:

- ✓ Regular updating. Its price includes a free print version.
- ✓ Allows the manipulation of an unparalleled amount of data. With your password you can access the information needed from any web browser.
- ✓ Permits downloads of country surveys, tables and graphs.
